Journal Index—Fall 1980

Frank A. Downes
Western Illinois University

The Journal Index for Fall 1980 consists of five parts. Part I provides an alphabetical index of authors who had articles published in Volume 17, Numbers 1 through 4. Editorials published in Volume 17 are listed in Part II. Part III is a topical index of all articles identified by number in Part I. Articles are categorized by field, population, problem area, and research. An article may be listed under more than one of the categories as appropriate. All previous journal indexes and the issues in which they appear are provided in Part IV. Part V contains a list of book reviews and the issues in which they appear. Part VI contains a dedication to a prominent leader in Industrial Education. Part VII provides the Special Feature included in Volume 17.
